---

She was a normal, happy-go-lucky teenager for whom Long Term relationships and Love were things of mere importance until 11 months back she met "HIM".. The one who left her speechless, whose smile made her go mad, whose voice was the only thing she wanted to hear the whole day!

Seems like a happy start, right? But no, she didn't know that falling for her Teacher, who was 11 years elder to her, would be the most agonising thing of her life

She knew of all the possible outcomes, heartbreaks, insult, but as said, "Love is about going an extra mile, even if it hurts" , she believed in it, She didn't think about the outcomes coz all she wanted was to enjoy this pure and the first feeling of being in love, so what if her feelings were not reciprocated back!

All she ever thought of were his wellbeing, what he might be doing right at that moment, Hoping that one day he'll be all hers!

Her attendance was full at college, strange? Don't be surprised, it's his charisma which makes her more attached to HIM.

Tuitions are now-a-days just not meant for Studies but a place where 3hours are solely on exclusively a time she was with HIM.

For the First time in her life She was so excited for someone's birthday knowing that these small gestures n events 'are' rather 'will' be the only memories left after she leaves college .

She knew that he might be taken but still kept on loving HIM keeping up the faith that it might be, that her assumption is wrong

Yes, she is possessive about him, any other girl talking about HIM makes her mad But No, she isn't "Obsessed", It's just the "Fear" of losing HIM forever to someone else, Those Nightmares just doesn't let her sleep.

Yes, she might not be the Beautiful gal, her man wants but She is the one who loves HIM the most.

She is still fighting every day, just with her imaginations, her feelings! All she wants in life is HIM! But somewhere Deep Down under she realises n knows that her "Heart" is losing in front of her "Brain"

What's her mistake? That she loved her teacher? No, it can't be! Love doesn't see who YOU love, YOU just LOVE and that's what she'll hang up to until The END
